

INFORMATION TO COMPETITORS OF THE GPEN 2024

The expectations of the technical committee during registration are as follows:

- registration completed for the crew: helmsman, crew members
- class membership (according to the class rules: boat or crew)
- measurement certificate (NOR 4.6)
- declaration of equipment used ... mainly serie's numbers of the sails and marking according to the classes
- crew weighing (according to class rules) – weighing of corrector weights ; controls will be organised

Form of request for repair or change of damaged equipment to be completed asap:

<https://arbitrage.<voile.fr/coueurs-et-entraineurs/documents-a-lusage-desconcurrents-et-des-entraineurs/>

Standard penalties without hearing may be given:

- start the first race without having totally completed the declaration form of the equipment to be used (according to the classes): 1 point for each race involved
- failure to show the equipment to be marked (sails and/or ballast if needed): 1 point for each race involved
- incomplete weighing of the crews (according to the classes): 1 point for each race involved

Discretionary penalties may be given by the jury after protest lodged by the technical committee and after hearing:

- equipment forgotten or not compliant during controls afloat or back ashore
- change of equipment or repair without request to the technical committee or information to the race committee
